Subject: RE: Miller v. Arab Bank and Pam v. Arab Bank
Attachments: Exhibit A to Letter 10-30-2019.pdf

Jim,

We too are interested in moving this case forward as quickly as possible. Based on our review to date, we do not agree with your characterization that "nearly all" of the people were identified in the Complaints or Spitzen appendices. We have conducted a comprehensive review of the *Linde* and *Pam/Miller* records for each of the 677 names. Notwithstanding your representations to the Court, 180 of the 677 names were not included in the *Miller/Pam* Complaints or the Spitzen report (including its appendices). 72 names were not included in *any* of the sources. Moreover, despite others being mentioned in one or more of these sources, there is insufficient information for us to determine their relevance to this litigation. Attached as **Exhibit A** is a list of the names for which we do not have sufficient information to identify and/or understand their relevance. We propose scheduling a meet and confer next week to discuss and attempt to clarify the relevance of any documents requested for these names. Please advise on your availability for a call next week.

With respect to your inquiry regarding foreign law experts, I advised you on October 11 that, to the extent the Bank has an account for any of the 15 names provided in your September 27 letter, we planned to direct those Letters of Request to Jordan, Lebanon and the Palestinian Territories. Given what you have told us about the 15 names, those are the most likely locations to the extent the Bank has any records. If we have reason to believe that we should be asking other jurisdictions for records, we will let you know.

Thanks

Brett.

Gary et al-

At our meet and confer on December 10, 2019, we explained that there were still a significant number of names in your document requests for which we still have little or no information to substantiate your allegation that they are relevant to the allegations in this case. You offered to review that list and consider providing us additional information (recognizing your statement that you did not believe you were obligated to do so). So in furtherance of what I believe have been productive meet and confers, we are attaching a list of 108 names (out of 677) from your document requests that: (1) were not identified in the *Linde* record at all; (2) were only identified in Rule 26(a)(1) disclosures in *Miller/Pam* or *Linde*; (3) were only identified in the Plaintiffs' 11/7/2019 proffer; or (4) the information provided in *Linde* is insufficient to establish the identity or relevance of the person/entity. We would very much appreciate any additional information you can provide as to these 108 names.

Happy to discuss at your convenience. Thanks.

Brett,

On November 7, 2019, Jim forwarded you the attached mark-up providing you with additional information and Spitzen Expert Report references for most of the names listed on Exhibit A to your October 30, 2019 letter. While we were not required to provide you with this additional information, we did so in order to make things as easy and efficient as possible for Arab Bank to comply with its discovery obligations – particularly because you have repeatedly asserted that Defendant is eager to move this case along, a sentiment that Plaintiffs certainly share.

As we indicated during our December 10, 2019 meet and confer, we will be providing you with additional documentation (where available) on the names you recently provided on January 8, 2020 (“the list”), but we have serious concerns about the necessity of this exercise because many of the names on the list (1) are self-evidently relevant; (2) are easily ascertainable; and/or (3) were previously detailed to you on November 7. By way of illustration – considering only a few persons and entities on the list – the information we previously supplied and simple Google searches reveal the following:

Individuals/Entities Identified by AB on 1/8/2020 as “Requiring Information”

1. **Abd al-Karim Rateb Yunes Aweis** (previously identified by Plaintiffs as “AAMB operative who dispatched the suicide bomber of the King George Street Bombing.”). The first search result on Google for Aweis links to the Israeli Ministry of Foreign Affairs (<http://www.israel.org/MFA/PressRoom/2002/Pages>IDF%20Activity%20in%20Ramallah%20-%20Summary%20of%20Inventory%20-.aspx>), which states, in part:

A Google search results page for "Abd al-Karim Aweis". The top result is a news article from the Israeli Ministry of Foreign Affairs (MFA) titled "IDF Activity in Ramallah-Summary of Inventory-31-Mar-2002". Below it is another news article from the MFA titled "Captured Palestinian Authority Document- Letter to Tawfik Tirawi". There are also several thumbnail images of Abd al-Karim Aweis.

Most wanted terrorist list members detained during IDF action in Ramallah:

1. Abd al Karim Aweis, born 1970, known Tanzim terrorist, company commander in Jenin, directly involved in terror attacks and a dispatcher of suicide bombers to Israel. In December 2001 Abd al Karim Aweis was arrested by Palestinian security services in Samaria and was transferred to Ramallah for incarceration in a high security facility. In actuality the Palestinian security services granted him full freedom to continue carrying out murderous terror attacks. During his sojourn in Ramallah he worked in concert with other Tanzim terrorists from Ramallah headed by Marwan Barghouti to carry out additional terror attacks.

During questioning by the ISA, Abd al Karim Aweis confessed to his activity during the recent violent conflict:
